Dear Mr. Parrott,

I would like to thank you and your team for a faultless job undertaken at our project in Hertfordshire. We have saved our client a lot of disruption to his garden and costly reinstatement by choosing to mole the water and electric supply over 30 metres from the house down to the pool area.

I was surprised over the short duration of the job, lack of mess and professionalism.

Looking at the driveway and garden, it is almost impossible to tell that any excavation has taken place.

I look forward to using your services again shortly and shall certainly recommend you in the future.

Yours sincerely,

S. Langley
